ORDER

On February 1, 2018, plaintiff in the above-captioned case filed an unopposed renewed motion for approval of its proposed class action notice plan, attaching a revised class action notice and opt-in form. Plaintiff shall make the following change to the revised notice:

- The URL for the class action website that appears on the top of page 5 is incorrect. "2016" should appear before ".com," not afterwards.

So long as plaintiff corrects this typographical error, the court APPROVES the revised documents and GRANTS plaintiff's unopposed renewed motion.

In accordance with the schedule proposed in plaintiff's initial motion for approval, class counsel shall distribute the notice to the potential class members by no later than Wednesday, February 21, 2018. Potential class members shall be required to return their opt-in forms by no later than Monday, April 23, 2018. Class counsel shall "certify final membership in the Class by identifying the name of each member of the Class to the Court and providing to the Court and Defendant a copy of the opt-in form completed by each Class member and submitted to Class counsel" by no later than Wednesday, May 23, 2018.

IT IS SO ORDERED.
